13. Your Suggestion on New Education Policy

21 responses

No

NO

-

It should be student oriented

Should be implemented while protecting old workload of each department.

NA

Good

continuous feedback and quick necessary changes required

NEW education policy is applicable

NEP should be student centric but workload of teacher should be protected.

Not satisfied in rural Area

विद्यार्थ्यांना शिक्षणाबरोबरच व्यावसायिक महत्त्व देणारी प्रणाली म्हणजेच नवीन एज्युकेशन होय.

Structure of syllabus is Not suitable for 2 credits and 30 lectures.

NEP is good and applicable in present scenario.

अजून बदल व्हायला हवा.

There should be an annual pattern instead of a semester pattern.

Nil

Curriculum may be best; but if students are not interested to learn it then what is its use? So initiatives should be taken to stop malpractices in education since school level till UG and PG.

14. Any Suggestion on Curriculum

20 responses

No

NA

-

Should include more project based courses

NO

Not Applicable

there should be effective implementation NEP

New education policy is good

I think Exam should be only once in a year conducted

60 lectures syllabus is fitted in 30 lectures and because of this the teaching is superficial. So Basic things/fundamental concepts are not explained in the short time or in a semester.

Learning pressure must be there along with the more physical presence of the students in the classrooms.

नाही.

While providing skills-based courses to students, it is necessary to have practical courses along with theory courses.

Nil

It should be more practical oriented rather than theory. 70% practical, 30% theory. Then student will learn fast.
